

Utility Air opens new Diamond Customer Experience Centre in Sydney & Welcomes New Sales Team Member.

- **New Centre located in Sydney near existing Parts hub**
- **Sales and Parts now further Integrated**
- **New Sales Executive joins team to support Centre**

Sydney, June 23 2022 – Utility Air Pty Ltd (“Utility Air”), exclusive Distributor for Diamond Aircraft in the region, has announced that it opened a new Diamond Meeting Centre in Sydney.

The Centre, located in Belrose, is part of the business hub which also contains the Parts Distribution Warehouse for the business.

Utility Air’s Managing Director, Stephen Pembro was effusive about the new facility. “The Diamond product is a high end, quality product, and we felt it was important to have a customer facility which matched the product.” Pembro continued “The new facility has entertaining balconies, meeting rooms, a café kitchen as well as sales offices. It’s a place for us to conduct business with our clients in a focused and pleasant way.”

Utility Air will use the Centre for Diamond training and Customer Events, as well as day to day interactions.

John Oppenheim, Director of Utility Air, added “With the success of our Parts Distribution business, it made sense to move the corporate offices to the same location. This has allowed closer integration of the business and also a focused hub for our Customers. ”

As part of the increased footprint, Utility Air has also welcomed Shaun Hearn to the team. Shaun is an experienced aviator and is responsible for business development and also the sale of DA20 and DA40 Aircraft in the region.

“We welcome Shaun to the Utility Air Team” Stephen Pembro said of the new team member. “Shaun is currently touring the country meeting existing owners and prospective customers alike and we see him as being an integral part of the team moving forward”

About Utility Air:

Operating from corporate headquarters in Sydney, Australia, Utility Air provides unparalleled turn-key aviation solutions throughout APAC, including aircraft brokerage, sales, and acquisitions for both new and pre-owned aircraft. Utility Air is the exclusive distributor for Diamond Aircraft.

About the Diamond :

Diamond Aircraft, headquartered in Austria with facilities in Canada and China, is amongst the leading aircraft manufacturer in General Aviation. Founded in 1981, Diamond has pioneered many aviation firsts and achieved numerous milestones and industry expert accolades. Today, Diamond Aircraft has more than 1,000 employees worldwide and offers the most complete range of certified piston aircraft models: from the 2-seat single DA20 to the stunning 7 seat DA62. With its complete line of piston aircraft including a dedicated flight training concept with Single Engine Piston (DA40 NG, DA40XLT) and Multi Engine Piston (DA42-VI, DA42-L360) trainers, along with type-specific flight training simulators and proprietary engines, Diamond Aircraft is the only sole source provider in the fleet training market. Diamond Aircraft also made a footprint in the special mission market with the remote sensing turnkey solutions DA42 MPP and DA62 MPP and the soon to be certified aerobatic turboprop tandem trainer series DART. Diamond Aircraft uses proprietary lead-free jet fuel piston engines, made by Austro Engine GmbH (a 100% subsidiary of Diamond Aircraft Austria), for the DA40NG, DA42-VI and DA62. Every one of Diamond's aircraft shares a common DNA, incorporating leading edge technology, not for the sake of innovation, but for superior performance, efficiency and safety. Over 5,000 Diamond airplanes are flown by private pilots, professional flight training operators and institutions worldwide.
